**PLAINTIFF'S NOTICE *RE* FILING
FIRST-AMENDED COMPLAINT.**

***TO THE HONORABLE COURT, ALL PARTIES, AND ATTORNEYS OF
RECORD, HEREIN***

Plaintiff intends to file a first-amended complaint on or before April 30, 2024.

Plaintiff is gathering evidence against the judges of CAND. The same judges who hear civil matters, also preside over criminal matters. The wrongful convictions and related

1 issues are all real and can be curbed substantially. As an ally against racism and
2 misogyny, such trending CAND issues must be addressed as a serious concern.

3 Small things – seemingly discarded by White judges as innocent mistakes of
4 other White and non-White people are what comprise racism and misogyny. White
5 judges are also constantly oblivious and confused when women of color talk, and the
6 perceptions of men/other cultures/other ethnicities towards other genders/cultures/
7 ethnicities other than their own are often distorted. Particularly racist and misogynistic
8 is when White judges such as Defendants Hixson and Alsup know the facts and ignore
9 the facts when White women/people are at fault, is racist and misogynistic. Book
10 knowledge, fancy degrees, and judicial experience that could be prideful make no
11 difference in this context because ultimately the judges are human. Moreover, when
12 the White/non-White judges know the entirety of the law, but only address part of the
13 law - that denotes racism and misogyny. Racist White culture has permeated so deeply
14 in California because even the non-White judges are appointed by heteronormative
15 White men. For example, Defendant Alsup has trouble reading women of color,
16 particularly immigrants and Asian/Middle-Eastern women.
